

KAZAKHSTAN

TIAN SHAN EXPEDITION 2019

July 07 – July 20

CACSEE EXPEDITIONS are very spartan and address experienced travelers and adventurers. Board is not included – we will cook together, eat at locals and share the costs. The schedule is more intense but also more flexible. The hikes are more challenging and the groups are smaller.

The EXPEDITION to the TIAN SHAN Mountains welcomes anyone to discover SOUTH KAZAKHSTAN, its diverse beautiful landscapes and its traditional society on the eve of rapid modernization.

Route & Program

The expedition route and the draft of the program overview below are variable and may still change slightly. At this early stage of planning, we cannot guarantee that all excursion destination points will be reached, especially due to adverse circumstances (weather, road conditions, etc.).

There is the possibility to target other places according to the interest profile of the group. Please note that not all stops are listed in the program overview.

Our route is designed in order to provide you the best possible insight into the different landscape of Southern Kazakhstan and the Nature Preservation Projects. During the trip we will additionally focus on the economic development of the region in the framework of China's Silk Road Economic Belt.
